Ilija Radivojević

Front End Developer

ilija.radivojevic237@gmail.com • ilijaradivojevic.com • github.com/IlijaRad

Work Experience

Medior Front End Developer (Quantox Technology d.o.o, Remote)   Dec 2021 – Present

Developed a front-end for an app with 60k+ users from scratch

- Actively participated in daily meetings and planning sprints while trying to come up with best solutions and time estimates for problems
- Transformed Adobe XD and Figma designs into responsive UIs
- Worked closely with Project managers, UI/UX designers, QA testers and back-end developers
- Taught myself new technologies on the fly such as Storybook, SWR, Typescript

Web Developer (Freelance work, Remote)   Oct 2020 – Nov 2021
